

# MANAGING THE NEUROGENIC BOWEL - SKILLS AND COMPETENCY TRAINING

Dates throughout 2017

Located in both Liverpool and Milton Keynes

**Spinal Injuries Association (SIA) is delighted to offer healthcare professionals the opportunity to learn more about neurogenic bowel dysfunction and how to manage it effectively.**

Delivered by NMC registered nurses with over 50 years combined experience caring for this patient group, the full-day course covers:

- The different presentations of neurogenic bowel dysfunction and their appropriate management
- The importance of stool consistency and factors that affect it
- The skills and knowledge to safely undertake Digital Rectal Stimulation (DRS) and Digital Removal of Faeces (DRF)
- The policies and regulations required to support practice

**More information, including course dates, can be found on our website:**
